### Sticks and Stones: Pattern and Color Intuitive Design in Quilting

Take a step into the intuitive world of quilt design exploring color options and inspiration as well as line and shape and how it influences design. In this power point presentation you will explore design possibilities as well as color options.

### Outside the Lines

Want to explore quilting outside the lines of traditional blocks? Discover ways to use your traditional background as a launching pad for more abstract quilting designs. Intuitive quilting ideas will be presented for both color and design in this power point presentation.

### Fees

2009 - 2010

Lecture/Trunk Show - \$400

Workshops (per day) - \$600
